

Connecticut, July 24th, 2015

To whom it may concerned,

I'm writing this letter to provide a reference on behalf of ESA.

ESA has been our company's event management partner in Brazil, Argentina, Chile, Argentina, Uruguay, and Panama. We have worked with all of their offices in Central and South America, and I can honestly say that they provide a 6-star level of service on a consistent basis.

Over the past 2 years, we've executed roughly one event per month, usually conferences in the pharmaceutical industry, and we've used just about every service imaginable that one could ask from a local meeting management company working in partnership with our team here in the USA, and it's always been a great cooperation, built on mutual trust, respect, and professionalism.

Feel free to reach out to me with any additional questions.

Best regards,

Carlos Sandoval, CMP
